NAWIC
The National Association of Women in Construction
Space Coast Florida

BECOME A NAWIC SPONSOR

The Space Coast Chapter of NAWIC (National Association of Women in Construction) would like to invite your company to become a Corporate Sponsor for the 2026-2027 year. Join other companies who value the relationships NAWIC builds with fellow companies in the construction industry, as well as the education, empowerment, and mentoring programs our Chapter brings to our local communities.

Our Chapter was chartered in 1996 and includes members from all over East Central Florida. For **30 years** we have been involved with unique education programs, scholarship opportunities and other community involvement. Your sponsorship will help us to continue these programs and initiatives.

Why your sponsorship matters!

- NAWIC's core purpose is to enhance the success of women in the construction industry.
- Did you know, according to the Bureau of Labor Statistics, women comprise over 10% of the construction workforce today.
- As an organization, NAWIC recognizes the need to create, support and sustain an inclusive culture, where differences drive innovative solutions to meet the needs of our members. We strive to bring new and engaging professional development opportunities to our members throughout the year promoting their growth and advancement in the field.
- As an employer, your support of NAWIC as a sponsor, or by enrolling your employees as chapter members, will bring your company recognition as a supporter of women in the nontraditional field of construction.
- With your sponsorship, the Space Coast Chapter can implement and maintain construction-focused educational initiatives for future generations through programs such as the Block Kids Building Block Competition for grades K-6, the CAD Design Drafting Competition, Construction Career Camp, Classroom visits, Career Fair participation, annual scholarship awards and certification tuition assistance.
- The NAWIC Education Foundation (NEF) provides self-study certification programs for professional women that include Construction Drawings Professional (CDP), Construction Industry Technician (CIT), Construction Industry Specialist (CIS), Construction Document Technician (CDT), Construction Bookkeeping Technician (CBT), and Estimating Scheduling Practitioner (ESP). We have pledged to provide financial assistance to those members seeking advanced certifications through NEF or other industry specific coursework.
- Continue investing in our community through outreach programs that align with our organizational strengths.

We hope you will join us. Thank you for your time and generosity.

All the Members of NAWIC Space Coast Florida Chapter
